COMPREHENSIVE HOOK AND LINE KIT

OPR8r

COMPREHENSIVE HOOK AND LINE KIT

Description

The OpR8r Comprehensive Hook and Line Kit contains the tools and ancillaries to conduct standard semi-remote techniques in most environments including buildings, outside urban areas & rural settings. The kit is supplied in a rugged case for transport and storage, also supplied is a canvas bag to enable the users to decant some of the contents to carry forward from the ICP during operations. All hooks in the kit have integral eyes for attaching the pulling rope, the telescopic hook setter allows placement of hook and line at standoff either vertical or horizontally, the hook setter also doubles as a telescopic mirror arm by swapping out hook carrier for mirror arm attachment.

Comp Kit Comprises:
